

About Westchester Medical Center, the flagship of the Westchester Medical Center Health Network

Westchester Medical Center is the premier provider of advanced medical care in New York's Hudson Valley. The flagship of the Westchester Medical Center Health Network, this 895-bed academic hospital in Valhalla, NY, provides local residents with acute-care services -- Level I trauma and burn care, organ transplants and advanced neurovascular procedures and more -- found nowhere else in the region. Westchester Medical Center is the primary referral facility for other Hudson Valley hospitals and serves as a lifeline for more than 3 million. Visit WestchesterMedicalCenter.com or follow Westchester Medical Center at Facebook.com/[WestchesterMedicalCenter](https://www.facebook.com/WestchesterMedicalCenter) and Twitter.com/[WestchesterMed](https://twitter.com/WestchesterMed).

About the Westchester Medical Center Health Network

The Westchester Medical Center Health Network (WMCHealth) is a 1,700-bed healthcare system headquartered in Valhalla, NY, with 10 hospitals on eight campuses spanning 6,200 square miles of the Hudson Valley. WMCHealth employs more than 12,000 and has nearly 3,000 attending physicians. With Level 1, Level 2 and pediatric trauma centers, the region's only acute-care children's hospital, an academic medical center, several community hospitals, dozens of specialized institutes and centers, skilled nursing, assisted-living facilities, homecare services and one of the largest mental-health systems in New York State, WMCHealth is the pre-eminent provider of integrated healthcare in the Hudson Valley.
