

DIRECTIONS

Maria Fareri Children's Hospital Conference Rooms A and B are located past the Reception Desk off the main lobby.

FROM THE EAST AND SOUTH

I-287 west to Exit 3 (Sprain Brook Parkway - North). Follow the Sprain Brook Parkway to the second exit (Route 100 - Hawthorne). At the stop sign at the top of the exit, make a left. At the next stop sign, turn left onto Woods Road. Take a right into the Maria Fareri Children's Hospital main entrance. Parking Lot 4 is on the left.

FROM THE NORTH

Taconic Parkway or Saw Mill River Parkway South to Sprain Brook Pkwy. Exit at the Medical Center/Hawthorne exit just past the New York State Police Barracks. Make a right at the top of the exit onto Route 100 (south). Make a right at the first traffic light onto Hospital Road. At the next stop sign, turn left onto Woods Road. Take a right into the Maria Fareri Children's Hospital main entrance. Parking Lot 4 is on the left.

FROM THE TAPPAN ZEE BRIDGE

Take the Tappan Zee Bridge (I-87 South/I-287 East) and follow signs for the Cross Westchester Expressway/Route 287 East. Take I-287 to Exit 4. Make a left at the top of the exit onto Route 100A North, which becomes Route 100 North. Follow 3.2 miles to the stop light at Hospital Road. Make a left onto Hospital Road. At the next stop sign, turn left onto Woods Road. Take a right into the Maria Fareri Children's Hospital main entrance. Parking Lot 4 is on the left.

CME Registration and Evaluation

Target Audience:

Nurses, Physicians, Paramedics and EMT's interested in pre-hospital and emergency care of trauma patients.

Goals

The goal is to present emergency care providers, physicians, nurses and first responders with the information necessary to improve care and outcomes for the trauma patient.

Objectives

1. To understand how the geriatric patient differs in injury patterns, management considerations, and approach.
2. To discuss the management and pre-hospital care of traumatic brain injury patients.
3. To understand management of the difficult airway.
4. To discuss the principles of the "Stop the Bleed" initiative.

Continuing Medical Education Information

This activity has been submitted to the Hudson Valley Regional Emergency Medical Advisory Committee (REMAC) and 3 hours of CME credit will be provided.

There is no commercial support for this program.
